NUMBER 1

# Victory Loan Rally Next Wednesday

## Dr. Joseph Merrill Speaks At Rotary

## FARM FOR VICTORY

Bishop Elmer Ririo of the Magrath 1st Ward, whose ward has made 100 pc in Ward Tea

Elder Young spoke on methods for successful ward teaching, and offered suggestions to the Bishops in organizing this work. When ward teaching is done regularly and efficiently the results are a very definite benefit to the Bishopric in the management of the ward. He encouraged the men and bishops of the Priesthood to take the ward teaching assignment as a serious responsibility, to let the Lord to guide and direct them in their work, and that there would be no doubt as to their success.

A.B. Seaman William M. Ritson-Bennett. Age 23 years.  
Service in Navy—one year and a half. Born in Calgary, Alta.

## The Sinking of the Louisburg

The sinking of the Canadian Corvette *Louisburg* was not defeat, nor was it a disastrous loss of life; it was above all Victory, for the *Louisburg* gave protection and life to a badly needed supply Convoy, which arrived with essentials for the Allied Forces which are now crushing Rommel in Tunisia.

To you—the sinking of my ship, the *Louisburg*, was another soon forgotten headline in your local newspaper; to Ottawa it was epic Canadian Naval History, for she was carrying Canada's fight for Victory from our yet peaceful shore. She was the first Canadian ship to enter the Mediterranean as the first to die there; also the first to be sunk by a torpedo dive bomber; but to us she sailed on her she was lost not as a tragedy but as the price we had to pay for the right of our Canadian heritage and our freedoms, and for Victory.

The Alta Construction Co. have been busy this week rapping the Town dam and moving the pipes which were placed in the bottom of the dam last fall.

### EASTER

Another Easter dawns on a blood-stained, weary and war-torn world. Each Easter since war started, we have had a day when the most dire dangers, peace would have come and peoples of the world been permitted to return to pursuits of peace, having dropped some of the hurry and pressure of war work, and been permitted a relaxation in order to enjoy life.

Easter brings us the thoughts of peace, quietude and love. It is difficult to enjoy these virtues in the midst of what is going on around us today. The cry is for more planes, more

armaments, ore ammunition, not to enhance peace, today but to shed more blood, to wreck more damage, and we hope to eventually bring a peace that will nevermore be shattered by the alarms of war.

The blood of the Master was shed to redeem us from Adam's sin, and His resurrection after three days in the tomb finds its symbol in the awakening to newness of life of all Nature at this time of the year. Today, the best blood of the world is being shed to rescue the world from the horrors of war, a world which would be temporal death so far as individual action and expression goes, just as truly as was the sentence passed on the earth because of Adam's sin. Tho we dislike it, our hand is put to the task and there is no turning back.

It is not without some significance that our Victory Loan is largest by far yet asked, should open at Easter time. It will take more effort than ever to reach our goal, and mayhap the recollection of the mission of the Savior in giving His life for the freedom of the world, may somewhat strengthen

our determination to exert ourselves a little more in our efforts to make the world free for the peoples who love and live for freedom of thought, speech and action.

At this Eastertide let us contemplate the meaning of the season. Let us pause for a moment, even in the midst of our rush to feel appreciation for the sacrifice of the Son of Man in our behalf, and let us in every way possible aid in bringing peace, goodwill and better understanding the nations of the war weary world.

Ervin Judd of the RCAF spent a few days with relatives and friends in Raymond.

Harold Card, son of Mr. and Mrs. S. B. Card, now in the RCAF Navy at Calgary was home on leave on Sunday.

S. B. Card had an accident with his oil truck just the side of Warner on Tuesday when a front wheel locked and the truck turned completely over King Motors wrecker went down and towed the damaged truck home.

UNRIVALLED

Kathleen Parlow, violinist, most famous of Canadian virtuosi, was born in Calgary, Alberta, of English parents. She received her early musical education in San Francisco, making her first public appearance at the age of six. She went to England and later to Russia to study with Auer. Spectacular ill health necessitated her retirement from the concert field, she joined the teaching staff of

## HOW MUCH Did You Save LAST YEAR?

One of these days a man will call on you to talk to you about saving money. The caller will be one of your neighbors, or a man from your nearest town who is likely well known to you.

He is asking you to save money when he asks you to buy a Victory Bond. He is not asking you to give money to anybody or anything.

You save money when you buy a Victory Bond . . . and you lend your money to Canada to help win the war. The money you save is yours. You will get it back later on, and have it to do anything you wish with it. And Canada will pay you 3 % interest on your savings every year until the loan is paid back to you.

### TAKE A FEW MINUTES TO FIGURE OUT HOW YOU ARE GETTING ALONG

This is something that every man should do now and then.

You will see how you are getting along by comparing savings with earnings. It's what you save that counts.

Perhaps you will say you saved all you could. Did you? Remember you are asking yourself questions. You are not getting figures to show anyone but yourself. Can you figure out how you can save more?

A sure way to save money is to save it in small sums—as you get it. Victory Bonds—which can be paid for in small instalments covering a six-months' period—provide a convenient method of carrying out a savings programme. Your Victory Bond salesman will tell you all particulars.

### WHAT IS A VICTORY BOND?

A VICTORY BOND is the promise of the Dominion of Canada to repay in cash the full face value of the Bond at the time stipulated, with half-yearly interest at the rate of 3% per annum until maturity.

A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest.

A Victory Bond is an asset more readily converted into cash than any other security.

### Experimental Farm Letter

#### SAWFLY CONTROL —

Last week sawfly control was discussed from the standpoint of using coarse grains and flax to force the sawflies out of the more heavily infested part of the farm. This week methods for protecting individual fields will be discussed. At this season of the year the sawfly is in the grub stage and has passed the winter successfully in the stubble of last year's wheat crop. When the fly emerges in June it will move into any adjacent planted

wheat field. Therefore any field of wheat that is being planted beside last year's infested stubble requires some protection. This protection can be accomplished by seeding a sawfly trap between the field that was infested last year and this year's wheat crop.

The most successful type of trap is a strip of wheat seeded on summer-fallow ten days to two weeks in advance of seeding the crop. A bare fallow strip should be left between the trap and the crop. The width of the trap should be governed by the severity of the infestation, but the minimum width for lighter infestations should not be less than ten feet. The bare fallow strip should be approximately the same width as the trap.

In carrying out this practice a narrow strip of crop is provided in which the sawflies lay a large number of eggs. After egg laying is completed this strip must be either cut for hay or cultivated so as to complete the destruction of these sawflies caught in the trap.

A further reduction in sawfly numbers can be accomplished if during the summer-fallow operation the infested stubble is tilled shallow enough so that most of the infested stubs are exposed on the soil surface. If this operation is completed by June 1 the reduction in numbers will help to increase the efficiency of the trap.

Wheat stem sawfly is one of the most serious pests of wheat with which the farmer has to contend. It is therefore essential that each and every farm be carefully watched so that when the first signs of this insect are evident, prompt and effective control measures can be applied.

This Weekly Letter is contributed by the Dominion Entomological Laboratory, Lethbridge.

## NEWS NOTES

Schools are closed for the Easter holiday, the High School to go back Monday, and the Public School on May 3rd.

Mrs. E. Organ, who has been ill for a number of weeks was taken to the Hospital in Lethbridge on Monday and will remain there for a few days for treatment and for an X-ray.

Casey Veen is home from the Lethbridge Hospital and is improving quite rapidly now as he is able to get out into the sunshine for an hour or two each day.

Mr. and Mrs. J. F. Judd left Saturday for California but were unable to cross the line and left again Tuesday for Vancouver, B.C. and if unable to get across after further negotiations with the immigration authorities, will remain in Vancouver for the present at least.

Both wards met jointly for Sacrament last Sunday evening in the First Ward and Elder Joseph Merrill of the Council of the Twelve gave a very fine talk on the need of a testimony and how to obtain it. The service was largely attended and much enjoyed.

Marion Palmer has purchased the Christensen home near the Cheese Factory and will be moving in right away.

Jos. McLean, who was operated on Friday is progressing nicely and will be home the end of next week. We wish Joe a speedy and complete recovery.

Several cars had flat tires on the Cardston trip Sunday, and we are told that at least two tires were practically ruined before the car could be topped after the tire went flat.

Mr. and Mrs. John Nelson and Mr. and Mrs. Erickson of Warner were Raymond visitors Saturday afternoon on their way to Lethbridge.

HOLD HIGH THE TORCH OF FREEDOM

# ICTORY

Nothing short of victory over the powers of aggression will ensure a just and peaceful order after the war. There can be no compromise with international bandits.

In that victory all of us wish to share.

Victory's price is high.

Some have the privilege of fighting; all have the privilege of saving money to supply our fighters with modern engines of war.

Enormous sums of money must be raised for ships, planes, tanks, guns, bombs, shells and bullets.

Have a share in the victory by saving to—

Buy Victory Bonds and War Savings Certificates and Stamps—

Pay the necessarily heavy Income Taxes—

IN ADDITION TO

Keeping up your Life Insurance and Providing for your Future Independence—

Such a programme of determined, systematic saving is part of the price of VICTORY.
